Description

This Fairline Squadron 78 is fitted with zero speed stabilizers from Sidepower and extra fuel tank capacity giving you the possibility to go further than the average vessel of similar size and in the utmost comfort, whether cruising across the ocean or at anchor in an idyllic bay off a remote island.

She has a unique 3 cabin layout with the volume of the owner's cabin similar to what is normally found on 90 or 100 footers. One section of the cabin is currently an office area but this could easily be converted to a lounge, reading or music area or whatever the new owner wishes.

All interior wood work throughout is satin finished walnut in the high standard that Fairline is renowned for. This is a motor yacht that must be seen to be fully appreciated and its now available for the new owner to enjoy the Phuket archipelago or have her delivered anywhere in the world.

Broker comment;

Fairline's flagship is the Squadron 78 and this 2012 model is one of the best available in Asia. Fitted with all possible extras and maintained by a full time crew since new this is a must see yacht.
