Description

Sleek, agile and strong, the Yamaha FX SHO is a fast machine that is eager to swim through the waves every time you fire up its engine. The FX SHO that is the smoothest and strongest 3 seat touring model built by Yamaha, so you can expect to first class ergonomics and performances. Power comes from a DOHC super charged 1,812cc engine with Electronic Fuel Injection. The ski jet also comes with Yamaha's Electronic Throttle Control system that offers a wide range of modes especially designed to make your journey more pleasurable. As far as practicality is concerned, the Yamaha FX SHO features a unique tilt-adjustable steering, a comfortable two-piece seat, a large stern platform and twin handles. There are also more storage places then ever and the company says that the new model offers 40% more capacity than the previous ones.

Bring a smile to your face by riding this machine in an aggressive, wave-conquering style –or explore its more relaxing personality, when its the smoothest, most powerful 3-seat touring machine we've ever made, ready to take you on great adventures in ultimate luxury and comfort. The Supercharged 1812cc engine and long, lightweight NanoXcel® hull and deck are the perfect double act – impressive power coupled with stable, agile handling and a super-comfortable ride. Cutting-edge technology and innovation look after you along the way too, with electronic throttle control, Cruise-Assist, Neutral selector and remote-control security.

The Yamaha WaveRunner is renowned for supreme performance, agility and comfort – and its ability to take you on exciting adventures in wonderful places. Thanks also to Yamaha's commitment to developing the most efficient 4-stroke technology, no other watercraft can run even close to a WaveRunner. From the unique, lightweight NanoXcel® hull technology to the Supercharged High Output 4-stroke 1812cc engine, Yamaha engineering is at the forefront of innovation.
